### Radio Communications Bid

Christian County is accepting bids for annual Radio Communications Services for the Common I (East, Sparta) and Common II (West, Nixa) Road Departments.

The Road Departments currently have Motorola XPR 4550 models in all vehicles and equipment.

Vendors shall provide bids with hourly rates involving all that is required for installations, wiring, general repairs costs associated with mileage for service calls. Vendors shall also provide costs for radios, supplemental antenna coaxial cables and all applicable connectors included in maintenance of towers, repeaters and base stations.

All service to our radio frequency must be maintained and properly repaired in a timely fashion. Vendors must be able to ensure a priority status to Christian County during emergencies (i.e. severe storms, winter weather, etc.). Must have a good signal and be able to guarantee good communication between units and base stations.
