April Term

~ Minutes ~

Monday, April 18, 2016

8:45 AM

The Christian County Courthouse

I. Convene

The meeting was called to order at 8:45 AM by Presiding Commissioner Ray Weter

Attendee Name	Title	Status	Arrived
Ray Weter	Presiding Commissioner	Present	8:45 AM
Bill Barnett	Western Commissioner	Present	8:45 AM
Sue Ann Childers	Eastern Commissioner	Present	8:45 AM
Rachel Hankins	Assistant	Present	8:45 AM
Ashley Hannah	Secretary	Present	8:45 AM

II. Agenda

Motion/Vote - 8:50 AM Christian County Commission

Discussion - Approve Agenda

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, and Judy Dollarhite.

Presiding Commissioner Weter entertained a motion to move County Clerk's quarterly report from 9 a.m. to 2 p.m. due to medical necessity and approve the amended agenda for 4/18/2016.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 8:50 AM Kay Brown-Christian County Clerk

Minutes & Financials Approval - Approve Minutes and Financials

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite.

Presiding Commissioner Weter entertained a motion to approve the regular session minutes for 4/14/2016 that have been reviewed and corrected.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Bill Barnett, Western Commissioner
SECONDER:	Sue Ann Childers, Eastern Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote -

Motion to Approve 4/14/2016 Closed Minutes

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite.

Presiding Commissioner Weter entertained a motion to approve the Closed minutes for 4/14/2016 they have been reviewed and corrected.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote -

Motion to Approve 4/7/2016 Closed Minutes

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite.

Presiding Commissioner Weter entertained a motion to approve the Closed minutes for 4/7/2016 they have been reviewed and corrected.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Bill Barnett, Western Commissioner
SECONDER:	Sue Ann Childers, Eastern Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 8:55 AM Christian County Commission

Discussion - Scrivener's Error-Acceptance of Streets Within Windridge Subdivision

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite, Amelia Wigdon, Headliner.

Presiding Commissioner Weter entertained a motion to correct the scrivener's error on Court Order 4-4-2016-1 and change to Court Order 3-31-2016-1.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 9:00 AM Kay Brown-Christian County Clerk

Report - Quarterly Report

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite.

Kay Brown's quarterly report was rescheduled to 2:00 p.m. today 4-18-2016.

Presiding Commissioner Weter entertained a motion to approve the rescheduling due to medical issues.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 9:30 AM Kelly Hall-Christian County Recorder of Deeds

Report - Quarterly Report

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite, Amelia Wigdon, Headliner .

Kelly presented her quarterly report. Report Attached.

Kelly Hall said our policy for over payments is we keep anything \$10.00 or less and if it is over \$10.00 I send it back. Kelly Hall explained reasons for keeping over payments.

Presiding Commissioner Weter asked how do the numbers compare to last year?

Kelly Hall said I don't have those numbers but I can get them for you. We have a cash only policy because we get a lot of out of state people who are headed to Branson to get married

Presiding Commissioner Weter said I would suggest for next quarter's report to have the numbers from last year compared to this year.

Presiding Commissioner Weter entertained a motion to approve County Recorder of Deeds quarterly report.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 10:00 AM Karen Matthews-Christian County Treasurer

Report - Quarterly Report

The meeting was attended by Ashley Hannah, Robert Palmer, Judy Dollarhite, Amelia Wigdon, Christian County Headliner Headliner, Karen Matthews, and Pletcher Rogers.

Karen Matthews presented her report. Report Attached.

Karen Matthews wanted to point out the utility tax added \$15,000.00 last month and that the tax is assessed at the point of sale. Also Karen Matthews wanted to point out

that with all the new employees, new judges, etc., it is hard for her office to keep track of when items come in or when items need to be paid but they are getting control of that. Everything else is scheduled and so they are able to keep track of those items. Karen Matthews stated the State is 7 months behind on reimbursements. Her concern is that we are paying this out every month but we have only received money up to August of last year. The state stuff is a little better because they have a web site that I can go to and get information. The bill of cost goes back to the new sheriffs, new judges and the reimbursement we get from the state is for the days that the inmate spends in our jail. The last time it was turned in was March of last year. We started working on that and the majority of that fund will go to COLE. We can't expect any of that money until maybe June.

Presiding Commissioner Weter asked is that money that the governor budgeted for?

Discussion regarding Sheriff's funds and what is paid and funds that are coming in. Karen just wants the accounts to be in the black at the end of each month.

I am within my budget and try to stay within said budget.

When we became first class and I no longer pay out the school money, we can probably reduce my bond and so that is something that the Commission can look at later this fall.

Presiding Commissioner Weter entertained a motion to approve Christian County Treasurer quarterly report.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 10:30 AM Christian County Commission

Bid Opening - Bid Opening-Windows Server License

The meeting was attended by Ashley Hannah, Robert Palmer, and Judy Dollarhite.

We have received 2 bids.

PC solutions - \$4,576.00 total bid.

Presiding Commissioner Weter said with our new accounting system that we are in the process of initiating we need to upgrade the server on our end.

PC net - \$4,638.00 for essentially the same products.

Presiding Commissioner Weter said we will accept these bids for review to make sure they are for the same products and will put it back on the agenda at a future date.

Presiding Commissioner Weter entertained a motion to accept these bids for review.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Bill Barnett, Western Commissioner
SECONDER:	Sue Ann Childers, Eastern Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 10:45 AM Todd Wiesehan-Planning and Development

Report - Quarterly Report

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite and Todd Wiesehan.

Todd Wiesehan presented his quarterly report. Report Attached.

Todd stated that he had one more item that he would like to present to the Commission. Fema has set aside funds to do a fly over for our maps and we don't want to pay for that so I propose we let them go ahead and do that and it will save our department funds.

Comments and concerns with the widening of 65 Highway only going to the Greene County line and if there were future plans to continue the project in Christian County.

Presiding Commissioner Weter entertained a motion to approve Planning and Development quarterly report.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 11:15 AM Judge Laura Johnson

Discussion - Establishment of a County Law Enforcement Restitution Fund

The meeting was attended by Ashley Hannah, Robert Palmer, Kelly Hall, Judy Dollarhite, Judge Laura Johnson, Barbara Stillings, Circuit Clerk, Amelia Wigdon, of the Christian County Headliner, and Sheriff Brad Cole.

Establishment of a County Law Enforcement Restitution Fund

Judge Laura Johnson said that the County Law Enforcement Restitution Fund is permitted by a state statute and that it has been adopted in other counties and has done very well. A fee of up to \$300 would be charged for each guilty defendant that comes in front of a judge. This would help to recoup some of the fees incurred and can be used for any county law enforcement purpose. Each department would appoint trustees. The 5 member board of trustees would meet as often as they want. Each

department can present a written request for their needs and the trustees would consider the request and allocate the money for these requests. I have discussed this with the Sheriff and the Prosecutor and they are in agreement. This fund will take some of the burden off of the tax payers by putting it on the defendant. It has been very successful in other counties and could possibly raise thousands of dollars a year. It would be a good extra source of income for our county law needs.

Presiding Commissioner Weter asked if there is any language that says the defendant has to be guilty. Part B & E are not inclusive of supplies and I am not sure of the scope.

Judge Laura Johnson said court costs are not assessed against any defendant that is not guilty. Barbara Stillings' office would be responsible for collecting these fees and transferring them to the fund. I believe that the wording in part B & E would be broad enough to include equipment expenses and I think that could be read broadly enough to include law enforcement expenses. That would be up to the board of trustees to decide.

Commissioner Childers said you stated up to \$300 for each defendant, do you have a list of offenses or something that you would go by?

Our plan is to charge \$300 for felony and \$150 misdemeanor.

Commissioner Childers asked is the fee paid at the end?

Judge Laura Johnson said that the fee is paid up front.

Judy Dollarhite asked if the monies carry over from year to year or would it need to be used before the end of each year?

Judge Laura Johnson said there is nothing in the statutes that says it can't carry over and the statutes also state that the law enforcement budget can't be cut, the fund is strictly supplemental.

Robert Palmer asked what about indigent people?

Barbara Stillings said if they have probation & parole they won't be able to leave the program until it is paid. The fee may be taken out of money the inmates receive for being in jail. There are different ways to collect.

Sheriff Brad Cole said I am quite familiar with this fund and I am glad we now have the cooperation to move forward. I am familiar with Polk County's procedures with this fund and it is there to help provide a resource to purchase equipment that we wouldn't be able to purchase because of budget restraints.

Barbara Stillings said anything over \$4500 we would request bids.

Sheriff Brad Cole said Polk county has even purchased cars for the Coroner's office and the Sheriff's office

Barbara Stillings said I like the way the judge has set up the fee structure as opposed to the way Stone county is doing this.

Discussion of how the funds would be allocated and if things would stay cooperative.

Presiding Commissioner Weter said we need to ask John Housley to insert some language specifying that there must be a finding of guilty & table the decision until that language is inserted.

Discussion was held as to the cost of charges for minor traffic charges as opposed to DWI's etc.

Commissioners agree to have John Housley to look at the document and insert language about "a finding of guilty" if needed.

Judge Laura Johnson said I would like the Commissioners to set a time line for the trustees to be set up and an organizational meeting scheduled.

Presiding Commissioner Weter asked who will meet with the auditor to set up the account?

Barbara Stillings said we were going to speak with Karen Matthews, County Treasurer and ask Kay Brown, County Clerk to be Secretary.

Presiding Commissioner Weter asked who would preside at these meetings

Judge Laura Johnson said I am assuming they would elect someone to preside over the meetings.

Discussion of terms for the trustees, staggering the appointments, appointing a chairman and that they serve without pay.

Judge Laura Johnson said it will be slow at first, we will charge the restitution fee to new cases going forward and we wouldn't charge cases already in process.

Discussion of the first meeting, selection of trustees, if they need to meet right away, how they need to set up the process and putting preliminary issues into effect.

Presiding Commissioner Weter entertained a motion to table this until the language correction is made and schedule this issue on 4/21 unless John Housley is unable to make corrections.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 2:00 PM Kay Brown-Christian County Clerk

Report - Quarterly Report

The meeting was attended by Ashley Hannah, Judy Dollarhite, Kay Brown, and Amelia Wigdon, Headliner.

Kay Brown presented her quarterly report. Report Attached.

Presiding Commissioner Weter asked if there were there new costs incurred by the County because of the timeline for elections.

Kay Brown said that the County wouldn't incur any costs for the Presidential election.

Presiding Commissioner Weter wanted to make sure that Kay would keep the Commission involved as to where they were on the issue of payment from the State.

Presiding Commissioner Weter asked how do you estimate how many people will vote?

Kay Brown said I estimated the Presidential election from previous elections and for the April election I estimated it at about 50% of the Presidential.

Presiding Commissioner Weter said your office is more than a single issue office, you have accounts payable, payroll, elections, minutes for the County, so you really have multiple missions in your office.

Kay Brown said that is very true and errors are usually not a big deal but on election ballots you have to be precise with no errors.

Kay Brown said I appreciate being the County Clerk for the Commission and I enjoy it very much.

Presiding Commissioner Weter entertained a motion to enter the County Clerk's quarterly report into record.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Motion/Vote - 2:30 PM Brad Cole-Christian County Sheriff

Grant - License Plate Reader Grant

The meeting was attended by Ashley Hannah, Judy Dollarhite, and Sheriff Brad Cole.

License Plate Reader Grant

Sheriff Brad Cole said I have an award letter from the Missouri Police Chiefs Charitable Foundation and they have awarded the Sheriff's Department \$15,435.00 which is a full funded grant at no cost to the County for a 4 camera system to be mounted on one car. The grant includes the installation, equipment and everything needed for that purpose. It also includes training and the licensing agreement. The grant has already been sent to John Housley for review and he has approved it. I am asking the Commission for their approval.

Discussion of how the License Plate Reader would be used, if there were any additional costs and where it would be used.

Sheriff Brad Cole said the Reader reads the license plate and immediately lets the deputy know if the car has been involved in any crime.

Presiding Commissioner Weter asked how do you know when it reads the license plate?

Sheriff Brad Cole said when it reads the license plate and sounds an alarm. You can set the parameters on the reader to what and how you want it to read. The reader stores data so that you can go back and review it later if needed.

Presiding Commissioner Weter said that he had been reading up on this and people are complaining that it is a violation of their privacy.

Commissioner Childers asked if the reader is mounted on the front of the car?

Sheriff Brad Cole said there are 4 cameras mounted in every direction so it picks up all four directions.

Discussion of the capabilities of the reader, it will be set to read amber alerts or any other types of alerts. It will be a great investigative tool.

Sheriff Brad Cole said at this time when you pull a car over you don't know if the car is stolen or not but with the reader you know immediately.

Discussion about if there were any citizen reports or any negative reports. No negative reports at this time.

Judy Dollarhite asked if you drive through the County Fair or any public place, how will you know which car the reader is picking up?

Sheriff Brad Cole said it gives license plate number, make and model of the car.

Presiding Commissioner Weter entertained a motion to approve the grant to purchase the license plate reader equipping one patrol car which includes equipment, installation, and any necessities for installation.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Ann Childers, Eastern Commissioner
SECONDER:	Bill Barnett, Western Commissioner
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

III. Adjournment

The meeting was closed at 3:00 PM

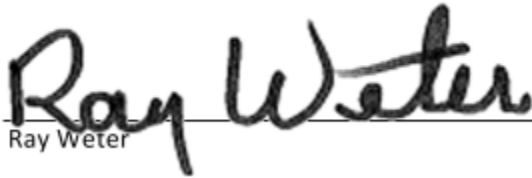

Motion/Vote -

Motion to Adjourn

The meeting was attended by Ashley Hannah, Robert Palmer, Judy Dollarhite.

Presiding Commissioner Weter entertained a motion to adjourn.

RESULT:	ADOPTED [UNANIMOUS]
AYES:	Ray Weter, Bill Barnett, Sue Ann Childers

Ray Weter

Presiding Commissioner, Ray Weter

Bill Barnett

Western Commissioner, Bill Barnett

Sue Ann Childers

Eastern Commissioner, Sue Ann Childers

APRIL 18, 2016

COUNTY CLERK QUARTERLY REPORT

The Clerk's Office has been busy beginning with the countywide canvass of approximately 51,000 voter identification cards that were mailed the end of December 2015. Since that time the U.S. postal service returned approximately 4,429 voter identification cards for a change of address or moved out of county. Each of the 4,429 voter registration cards had to be pulled from the filing cabinet, revisions made, scanned and separated accordingly. My office processed all the return mail on the system prior to the May 3rd, 2016 deadline. We also continued candidate filing for all the special road districts and Ambulance District #1 and District #4 through January 19th, 2016. We continued to be busy with the final certification deadline for all the entities by January 26, 2016.

Chief Deputy Clerk Norma Ryan processed all the data entry for the return mail from the countywide canvass. As a result of the canvass, Deputy Election Clerks Alicia Monsanto and Brandy Johnson pulled all the individual cards, made the corrections, scanned the cards and filed them accordingly.

We have been extremely busy preparing for the March 15, 2016, Presidential Primary and three weeks later having the April 5, 2016 General Municipal. In preparation for these countywide elections, we were notified three weeks before the March 15, 2016 election, the voters would have to find a new polling site for Cassidy 1 (Ozark Junior High School) and McCracken (Ozark East Elementary School) due to the construction at the schools. I created cards to mail to all the 5,041 voters that would be affected by the move, prepared press releases, and signs for the old polling sites directing them to the new site while having absentee voting for two elections at the same time. In addition, I trained 130 Election Judges for the March and April Elections.

I am pleased to say that with having one less employee from February 12 through March 21st, 2016, we still managed to get the job done successfully. For the first time in my tenure, we conducted absentee voting for two countywide elections by mail and in the office at the same time. In addition, February 23 through March 29, 2016, we held candidate filing for the August Primary. For the March 15th, 2016 Presidential Preference Primary we had 47% of the 52,000 voters cast a ballot for a total of 25,159. For the April 5, 2016, General Municipal Election, there were 5,451 ballots cast resulting in an 11.33% voter participation. Even though the number of ballots cast in the April Election was significantly less than the March, both elections have the same amount of preparation.

During the first quarter, Chief Payroll Clerk Paula Brumfield processed approximately 250 W 2's. Ms. Brumfield, together with Nikki Thiessen, processed 250 of the 1095C forms to be in compliance with the Affordable Care Act. In addition, Ms. Brumfield has prepared the Collectors year end reports which include form 1309, 1310 and 1313, all to be sent to the Missouri State Tax Commission and the Missouri Department of Revenue. Ms. Brumfield also has assisted employees several times throughout the day with insurance, benefits and overall payroll questions.

Deputy Alicia Monsanto prepared the timeline for election preparation and scheduled the election judges for the March Election. Alicia oversees the equipment testing in the office and the public test. Ms. Monsanto also scheduled the polling place set-up team, the supply bags and all the important details of the election. Alicia and former Deputy Brandy Johnson have pulled hundreds of cards from the rolls per the recent elections, processed each record with the changes made and then scanned and filed each card. The Election Deputy Clerks makes sure the voter rolls are clean of felons, deceased and the incapacitated voters by processing reports supplied by state and local agencies. Alicia Monsanto has working diligently with Eric Davey with E911 addressing to update and correct any addressing issues particularly in Nixa. Alicia Monsanto does excellent job of working with KnowInk, which is the company that provides the software and hardware for the electronic poll pads used on election day.

Chief Deputy Clerk Norma Ryan processed all the 1099's by the end of January, 2016. Ms. Ryan in charge of the accounts payables and assists the employees and the public with information regarding requisitions, and receipts. Ms. Ryan also did all the processing of the mail-in absentees for both elections.

The Clerk's office has the responsibility of taking the minutes for the County Commission and recently my deputy clerk in charge of the minutes resigned February 12th and I have been taking the minutes until after the April 5th, 2016 Election.

In elections we have had numerous public service requests which have taken hours to prepare. We have sunshine requests to complete at any given time. We have also completed the monthly reports to the Department of Revenue for the Collector and the quarterly reports for the Assessor to be mailed to the Missouri State Tax Commission. We also have processed numerous notary public applications and A.T.V. permits to ride in the Mark Twain National Forest in Chadwick.

As of March 31, 2016, I did the HAVA Financial Report for the Secretary of State. As of this year, I have obtained \$ 13,733.93, in grant funds, for new e-poll books and equipment maintenance costs.

On April 8th, 2016, I certified the April Election Returns.

Currently, I am working on the final costs for the March and April Elections and paying attention to grant reimbursements.

As of this year, I have obtained \$ 13,733.93, in grant funds, for new e-poll books and equipment maintenance costs.

We will soon be receiving several petitions from the Secretary of State Office to be processed prior to certification for the November Elections.

Planning and Development Department 2016 - 1st Quarter Report to the County Commission

Attachment: Todd Wiesehan Quarterly Report (2903 : Quarterly Report)

Residential Development

We have had a significant uptick in residential development in terms of buildable lots. From the end of last year to right now we have worked with five developers on projects which have added 46 residential lots.

Additionally, approximately 16 metes and bounds parcels were created via administrative minor subdivision which will likely be populated with new homes as well.

This increase in lot creation is also reflected in the number of building permits issued. As of March 24th Building Inspections had issued 71 permits versus 56 during the same period as last year.

Projects in varying stages

I took a call related to the solar farm project a couple of weeks ago. It looks like that will be moving forward soon. I would expect work to begin over the summer. This will likely be a time consuming project for Building Inspections.

The Camp MeWe project is looking like it may see movement over the summer. We have had contact from them regarding the required improvements at Woodsfork Road and the low water crossing there.

We have had a steady flow of Planning and Zoning cases so far this year. Our P & Z Commission has really done well in terms of attendance and in providing informed, thoughtful and objective recommendations and decisions on the cases brought before them.

Code Enforcement

Enforcement of the County's Zoning Regulation is an ongoing process which requires investigation and evaluation of all manner of situations. Many situations can be resolved through a simple telephone contact while others require more formal measures. In 2015 we issued notices of violation for 15 cases. All but one have been resolved with two cases having required assistance through the Prosecutor's Office. So far in 2016 we have issued 6 notices of violation and have several other situations being investigated currently.

Transportation

I represent the County on the OTO Technical Planning Committee and the Long Range Transportation Plan sub-committee. Along with fellow representatives from Nixa and Ozark, we were able to get a list of prioritized projects forwarded to the Executive Committee which

had several Christian County projects near the top of the list. If all goes well, the County will benefit by having one or more projects funded.

The County will need to formally adopt the OTO Major Thoroughfare Plan. Last year we were able to obtain agreement for some modifications to the detail of certain road classifications as well as the projections of certain roads. Miranda was extremely helpful in this process. The path forward will involve placing the matter on the Planning and Zoning agenda for public comment followed by formal adoption by the County Commission at a later date.

I also serve as the County representative on the Regional Transportation Advisory Committee (TAC) which is a function of SMCOG. This is the planning group for the areas in our region outside of the OTO boundaries (the majority of Christian County). In the coming months we will be prioritizing projects in the ten county area. The County's other representative on this particular committee has not been actively attending meetings over the last year. I would like to suggest replacing him with Miranda if she has time available to serve.

Economic Development

The County's partnership with Ozark and Nixa to pursue the creation of an Economic Development Corporation continues. Slowly but surely commitments from the private sector are coming in toward the goal of a 50% private funding threshold. Periodic meetings continue to keep momentum going. Brian Bingle has asked me to participate in a group of ambassadors for business prospects when time permits.

I have recently been asked to serve on a planning committee to update our regional Comprehensive Economic Development Strategy (CEDS) which is being done by SMCOG. Our department will likely be involved providing data and other input on this project.

Work Ready Communities

Our most currently available numbers indicate that we are 88% of the way to reaching our goal. Ozark High School should be offering the assessment this month to a significant number of students. I expect this will pull us near 95%. Achieving the sub goal for transitioning workers continues to be a challenge as residents of Christian County do not have access to a local Missouri Job Center office.

Building a database of properties at risk

We are working on a preparedness project currently which involves identifying properties within the unincorporated county which have structures located in the floodplain. We are using the currently available information to populate FEMA's Residential Damage Estimator software. By having this information preloaded we will be a step ahead of the game in the

event that a major disaster like a flood or even a tornado occurs in terms of being able to get out in the field to estimate damage to structures more quickly.

Scanning files

We have begun using our new wide format scanner to create completed electronic files for the cases we deal with. 2016 marks 23 yrs since the County adopted Planning and Zoning regulations so this is a long term project.

The Missouri Jobs Center has announced a summer jobs program geared toward finding employment for young people which will provide good experience to help build a brighter employment future for them. I have inquired with that program manager to try and secure one or more people to help us here. The wages are paid through the Career Center so there will be no cost to the County. My hope is to get one person to work on the scanning project and a second one to help the Building Inspections Department with a reorganization project for all of their permit files.

The Facility

While we have had some close calls, our meeting space has so far been adequate to seat all members of the public wishing to attend Planning and Zoning Hearings. As the economy has improved we are seeing agendas which are containing multiple cases. As this continues it is likely that our meeting space may become obsolete in terms of its capacity and ability to serve the public.

We have welcomed Brent into the building where he has taken up residence in the office formerly used by the second building inspector. In the long term it would be advisable to consider future options for additional offices. It's inevitable that the Building Inspection Department will require the replacement of a third staff person and ultimately Jason Stuetsman should logically be located near to Miranda and Brent in the same building.

**Missouri Police Chiefs Charitable Foundation
License Plate Reader (LPR) Grant Application 2015**

Please provide one paragraph in the shaded area below justifying your need:

Christian County, population 80,899, is located in Southwest Missouri and covers approximately 564 square miles. Christian County sits just south of Springfield, Missouri, population 164,122. US Highway 65 and US Highway 160 run through Christian County, connecting Springfield, Missouri to Branson, Missouri, which hosts over seven million visitors each year, and the lakes area. Christian County has been and is predicted to be one of the fastest growing counties in Missouri. In 2014, sheriff's deputies answered 19,332 calls for service, made 1510 traffic stops and made 313 arrests.

A license plate reader (LPR) would assist in alerting officers to potential threats and give the officer ample notice to call for backup. In addition, LPR technology would allow officers to identify stolen license plates, stolen vehicles, LSOA vehicles, rolling disturbances, Amber Alerts, missing persons and welfare checks. An LPR would benefit our department not only in the area of traffic enforcement, but in the investigation of major crimes.

The Christian County Sheriff's Office does not currently possess the LPR technology, but is searching for ways to work more efficiently and successfully on combating crime, serving the community and increasing officer safety. This grant would allow us to beta test this technology, with minimal cost to the taxpayers, to determine its usefulness in completing our mission. A successful test would help justify the expense of implementing the technology on a broader scale.

***PLEASE RETURN APPLICATION BY DECEMBER 1, 2015 by emailing this application to:
