RIGHT OF WAY DEED

#2016-0089

THIS DEED is made and entered into this 13th day of APRIL, 2016, by and between JOSEPH M. MEHL, and GERALDINE R. MEHL of Christian County, Missouri, hereinafter referred to as "Grantor", and CHRISTIAN COUNTY, MISSOURI, a political subdivision of the State of Missouri, its successors, administrators and assigns, all of which are hereinafter collectively referred to as "Grantee."

WITNESSETH, that the Grantor, in consideration of the sum of One and No/100 Dollars (\$1.00) and other good and valuable consideration to it paid by the Grantee, the receipt and sufficiency of which is hereby acknowledged, does by these presents grant, bargain, sell, convey, and confirm unto said Grantee, its successors and assigns, a Right of Way easement for construction, improvement, reconstruction and maintenance of a right of way for public use as a street, roadway thoroughfare or related purposes, including without limitation, the use of conduits, water, gas, sewer pipes, poles, wires, surface drainage facilities, ducts, cables on, over, along, across, and under the following described tracts or parcels of real estate in the County of Christian, State of Missouri, to-wit:

See Exhibit "A" attached hereto and incorporated herein by reference.

TO HAVE AND TO HOLD THE SAME, together with all and singular the rights, privileges and appurtenances and immunities thereunto belong or in any way appertaining, unto the said Grantee, and unto to its successors and assigns forever; the Grantor further covenanting on its part and on behalf of its heirs and assigns that it is lawfully seized of title to the real estate through which said easement is granted and that it has good and lawful right to convey said easement to the Grantee herein; that the premises are fee and clear of any encumbrances done or suffered by Grantor or those under whom Grantor claims; and that said Grantor will warrant and defend the title to the said premises unto the said Grantee and unto its successors and assigns forever against the lawful claims and demands of all persons whomsoever, except the lien of taxes for the current year and thereafter, special taxes and assessments becoming a lien after the date hereof, all covenants, restrictions, easements, reservations, and other matters of record and a billboard advertising sign lease applicable to the property.

GRANTOR, to the fullest extent allowed by law, including, without limitation, Section 527.188, RSMo. (2006), hereby waives any right to request vacation of the easement herein granted.

5. COMMISSION OFFER FORM

COMMISSION OFFER FORM

Describe all proposed rates, fees, and County commissions. All proposed rates and fees must be fully compliant with all pertinent FCC/federal, state, and local regulations. The proposed commission payable shall be stated as a percentage of gross revenue for all calls placed on or through the Inmate Telephone System, with no fee additions beyond the maximum rates and fees specifically allowed by the FCC Order, state tariffs, and any other pertinent regulations. Failure to state commissions as a percentage of gross revenue, using only rates and fees that are compliant with all pertinent regulations, will cause vendor's proposal to be deemed non-compliant and ineligible for contract award.

NOTE: Rates shown above are exclusive of Federal, State and Local Taxes and Regulatory Fees such as the Universal Service Fund. It is understood that these will be charged as a pass-through from the taxing/regulating agency to the called party and that no commission will be paid on these items.

ICSolutions Response:

ICSolutions proposes rates that have been deemed by the FCC as fair and reasonable. These rates include a \$0.02 per minute non-commissionable Investigator Pro™ Licensing Fee.

With these rates, ICSolutions offers a commission rate of **60.1% of Adjusted Gross Revenue**. ICSolutions will retain the first \$0.33 of revenue generated by each call to amortize the investment in the Tablet program. The County will receive the proposed commission rate on the total gross revenue generated after the first \$0.33 of each call ("Adjusted Gross Revenue").

NOTE: Per the recently effective FCC Orders recommending nationwide caps on calling rates and setting caps on fees, **commissions are allowed for all call types**, including Interstate calls. Therefore, all of ICSolutions' commission offers are in full compliance with all current and proposed FCC regulations.

Included Technology & Additional Revenue

In addition to the compensation described above, all options include the following technology at no cost to the County.

Policies

Question	Vendor Policy
What is the Prepaid Account Deposit Minimum?	No minimum
Does vendor or subcontractor provide ready access to live agents via telephone?	Yes – ICSolutions provides 24x7x365 access to live, U.S.-based agents for called party customer service. Inmates do not have access to live operators at any time.
After what period of inactivity does a prepaid account balance expire?	Account expiration is typically after 6 months of inactivity. Account holders can request a refund at any time. Refunds are provided in accordance with applicable laws.
How long does it take after a credit card deposit is received before calling is restored? (# minutes, hours, days?)	Immediately – when the transaction is complete, the consumer receives their confirmation number, and the funds are immediately released to the account.

6. RATE INFORMATION

FCC-Approved Postalized Rates:
(no connect fees / surcharges)

Collect Calls:

Anywhere in the United States:

25¢ per minute

Prepaid Collect Calls:

Anywhere in the United States:

21¢ per minute

Debit Calls:

Anywhere in the United States:

21¢ per minute

NOTE: Call Rates shown do not include local, county, state and federal taxes, regulatory fees and billing fees.

International Debit calling is available at the rate of **75¢ per minute**, with no connect fee / surcharge.

These proposed rates are more economical for inmates and their loved ones and easier to understand than the higher rates historically charged in other area correctional facilities – and they are **fully compliant with all current FCC regulations** and State regulations. Postalized calling rates offer several benefits to both the County and your inmates and constituents:

- Simplified rates can stimulate significantly more calling and **more overall revenue** for the County, with a single rate and uniform commissions for every minute.
- **Better value** for those who pay for calls.
- **More frequent communication**, because charging the same rate for every minute frees inmates to call loved ones more often, without having to consider call duration before calling.
- Eliminates the financial incentive to obtain out-of-state phone numbers to get the cheaper interstate rates, which may be non-commissionable with some other providers.
- **Eliminates refund requests due to dropped calls!** Again, because the first minute has the same per-minute rate as all other minutes, there is no financial penalty for making multiple short-duration calls. If a call is dropped – due to a lost connection on a called party's cell phone, for example – the inmate can simply hang up and retry the call without having to pay any connect fees. For the Jail, this means **fewer complaints** and **less time** spent reviewing refund requests.
- Eliminates the financial incentive for engaging in "dial-around" or "call-forwarding" services such as ConsCallHome.com; results in the collection of **more valuable investigative data** for the County, as destination phone numbers can be accurately identified and located.

ORIGINAL

REQUEST FOR PROPOSAL:
INMATE PHONE SERVICES
CHRISTIAN COUNTY, MISSOURI

Summary of Offer and Options

Securus has carefully designed our financial package to balance the revenue, safety, and technology needs of the Christian County Sheriff's Office. This proposal provides very aggressive commission options, coupled with easy-to-understand low call rates and a single fee for funding, which is optional. Our technical and customer service approach will provide superior services to the inmates as well as their family and friends for video visitation, telephone calls and jail management systems. This, coupled with our powerful efficiency enhancing services and proven investigative tools, will deliver leading-edge capabilities to Christian County and will increase operational efficiencies while lowering costs to the community and enhancing service options to the inmates and their family and friends.

The Securus proposal response meets and exceeds the specifications of the RFP, complies with the FCC order and delivers additional innovative approaches to many of the challenges faced by law enforcement and corrections today. Provided below is a summary that highlights the key solutions of our offer.

- **Secure Call Platform (SCP)** - With free quarterly upgrades throughout the life of the contract and over 550 features, SCP is the most widely deployed platform in the industry with over 2,200 sites currently online. SCP will, at a minimum, provide 3-Way Detection, Covert Alert, Remote Call Forwarding, Voice Biometrics, PINs, live monitoring, hot-number alerts, kill switch, Crime Tip Informant Line and over 50 standard reports.
- **Comprehensive Training** providing on-site training on all system functionality throughout the contract term at no cost to **Christian** County with enhanced training provided for all investigative and security technologies
- **Facility Portal** - Allows Christian County authorized personnel to access all system function from any internet-enabled PC from any location
- **ONE Complete Workstations** with CD/DVD burner, flat screen monitor, speaker, printer and Microsoft Office

- **3+ Years of Call Recording Storage** for all inmate calling and for the life of the agreement for Call Detail Records up to seven (7) years
- ***Exclusive: Correctional Officer Memorial Fund*** - We are very proud to be *the first* vendor in our industry to launch our own program to assist Correctional Officer's families in the time of need. The fund provides financial assistance to families of those corrections officers who lose their lives in the line of duty.

Included Advanced Value Added Solutions and Services

Securus has included the following advanced value-added solutions and services at **no additional cost** to Christian County within our FCC compliant proposal. Each of the items will drive greater efficiency and return on investigative activity, and for the items noted, will provide additional revenue streams to the Christian County Sheriff's Office and the Inmate Welfare Fund.

- **Securus Exclusive – THREADS - Data Analytics Software** - Fostering information sharing and providing focused lead identification, THREADS is proven and in use by some of the most recognized law enforcement agencies nationwide, including Christian County, and can be expanded to support outside agencies in joint investigations.
- **ICER Inter Communication Evaluation and Reporting Tool** uncovering and providing alerts on inmate-to-inmate phone communications.
- **Voicemail** – Securus' Voicemail solution provides a password-protected, two-way communication solution which allows family and friends to leave a secure voice message for their incarcerated loved ones.

- **All Required Integrations** – Securus guarantees our ability to integrate and provide system interoperability to the Sheriff's JMS, Keefe Commissary and or any other systems as necessary including integrations to further the effectiveness of Securus' Secure Call Platform and THREADS investigation analytics toolsets.

Optional Services

Securus provides more solutions to the corrections market than any other provider. All of our Securus owned and operated solutions can be implemented at any time during the contract term. Provided below is a partial listing of optional services that could be funded by facility commission revenue and negotiated into the Christian County contract at any point during the contract term.

- **Dedicated On-Site PART-TIME Technician, for a minimum of 20 hours per week** to support the proposed solutions and the daily efforts of the Christian County Sheriff's Office.
- **Continuous Voice Verification (IPRO)** – Real-time verification and alerts based on an inmate's biometric voiceprint as well as analytic tools to significantly enhance investigations. IPRO has proven investigative capabilities that revolutionize how inmate calls are reviewed.
- **Securus Exclusive - Location Based Services** – Offers geo-fencing alerts and location identification of cellular telephones called by inmates, as well as the real-time location of an individual cellular telephone.
- **Automated Information Services (AIS)** – responding to over 80% of questions frequently asked by the community and inmates relieving staff from that responsibility.
- **CELL SENSE Portable Cell Phone Detection** – Through our partner Cell Sense, Securus offers portable cellular phone location technology that is used nationwide to prevent the introduction of contraband cellular telephones.
- This investigative technology will be optionally funded by the facility commission revenues throughout the term of the agreement.
- **VizVox Maintenance & Support** – Provide an allowance of \$18,000 on annual basis value for managing the procurement of a 3rd party certified VizVox maintenance, support, and upgrade management. These funds can be reallocated as decided by Christian County throughout the term of the agreement.
- **Debit Release Cards For Inmates** – limiting money handling and providing an easy method of returning unused funds.

- **ConnectUs Software Capabilities** – Expands the services offered on our multi-function terminals providing inmates the ability to access applications for commissary ordering, grievance filing, inmate handbooks, videos and question-automation capabilities to drive greater staff efficiency.
- **ConnectUS Inmate Kiosk Applications**
 - PREA
 - Grievances/Inmate Requests
 - Commissary Ordering
 - Medical Request
 - Inmate Handbook
 - JobView Inmate Employment Assistance
 - Edovo Jail Education Solutions application
 - CaseMaker Law Library

The funds generated by the ITS for may be allocated towards any technology desired by Christian County.
