IN TESTIMONY WHEREOF I, have hereunto set my hand and affixed the seal of said Commission, at my office in Christian County this, the 22nd day of July, 2019.

Kay Brown, Clerk of the County Commission

CHRISTIAN COUNTY SHERIFF'S OFFICE

2019 Second-Quarter Report
Operations Division

Evidence and Property

- The Evidence and Property Custodian Teresa Ovitt continues to make improvements to the evidence and property room.
 - Currently, an additional security cage is being installed to fortify the property room.
- The Sheriff's Office ongoing practice of training new personnel on the best practices of evidence packaging and evidence collection procedures is a demonstrative success in all divisions.
- Mrs. Ovitt has recently completed multiple Crime Scene Investigator (CSI) courses.
 - These courses are typically attended only by detectives or prospective detectives of the Sheriff's Office.
 - Having Mrs. Ovitt certified in CSI creates better job commonality with our detectives when we respond to more complex crime scenes.
- In summary, we have cross-trained most of the members of the Sheriff's Office who respond to crime scenes. As a result of this cross-training, we have observed multiple benefits at complex crime scenes and have created a highly efficient crime scene response team.

Criminal Investigations Department (CID)

- In the second quarter, detectives from CID attended courses focused on improving the Sheriff's Office capabilities when using the internet to further criminal investigations and intelligence gathering.
- CID is planning for the upcoming relocation within the Justice Center.
 - This relocation will provide individual offices for most of the detectives.
 - The current CID open floor plan is not conducive to the focus required when reviewing recordings, conducting phone interviews, and other investigative tasks.

CHRISTIAN COUNTY SHERIFF'S OFFICE

2019 Second-Quarter Report

Operations Division

Campus Security

- Campus Security continues to intercept high numbers of knives, stun guns, and pepper spray at the Entry Control Points.
 - The attention to detail of our deputies and security officers is commendable.
 - Not all of these items are easily identifiable as potential weapons. Knife pens, buckles, credit cards, and cleverly disguised pepper spray canisters. (tampon pepper spray).
 - Campus Security has created a picture book of these unique items for new members to learn what to look for when doing security screenings.

Quarterly Report – Patrol Division

April - June 2019

- On April 8th, the Patrol Division came under the supervision of a new Commander with the promotion of Lieutenant Rocky Seiner to the rank of Captain.
- The Sheriff's office participated in the Regional "420" Drug-Impaired Driving Enforcement Campaign. Partnering with MODOT Highway Safety and the Traffic Division Office of Highway Safety. The campaign was held on April 19th and 20th. The participating states were Missouri, Arkansas, Iowa, Kansas, Nebraska and Oklahoma. Additional deputies were assigned to the roadways during the enforcement period, with emphasis on removing the impaired drivers.
- The Fine Collection Center has disbanded and the Sheriff's Office began assigning court dates on all citations and violators will now be directed to the Prosecutor's Office for adjudication.
- Announced the implementation of the PTSD and Autism Awareness Ribbon Program for traffic safety. This is in conjunction with the National Sheriff's Association. Sheriff Cole presented the program at the NSA Conference, in Louisville, Kentucky, during the Highway Traffic Safety Committee Meeting.
- Hosted the 2019 Christian County Sheriff's Office D.A.R.E. benefit golf tournament at Island Green Golf Course. Proceeds exceeded \$6,000 and will be instrumental in maintaining the D.A.R.E. Program to five school districts within Christian County. The program is fully funded by fund raising events such as this and makes D.A.R.E. a no cost item to the taxpayer.
- May 7th, 9th, 14th and 18th CCSO employees attended the Mandatory Sexual Harassment Prevention Training administered by Human Resource Director, Amber Bryant.
- The Christian County Sheriff's Office established a Unified Command Post and provided security to Waterford Subdivision during their tornado recovery. Governor Mike Parson met with Sheriff Cole and several members of the community that were victims of the tornado. Governor Parson thanked the first responders and numerous organizations who helped with the disaster relief.

- Christian County Sheriff's Office Youth Academy completed their Program and concluded with a graduation ceremony. The Youth Academy is a 10-week course for students who wish to pursue a career in law enforcement. Students get hands-on experiences from deputies as they show students the importance of making good decisions in Life.
- As discussed on the last Quarterly Report, our mobile ticketing program was implemented and is currently being used by all Patrol Deputies. This System automatically tracks racial profiling, patrol activity, and allows Deputies to supply Citizens with a professional document that is a reflection to our agency. This system appears to been well accepted by our Deputies according to citations totals from the same period last year. In the first six months of 2018, Christian County Deputies issued 331 hand written citations. Using the new e-citation system, in the first six months of 2019, Deputies have issued 634 electronic citations.
- Christian County Sheriff's Office welcomed Governor Mike Parson and First Lady Teresa Parson upon their visit to Ozark West Elementary, during Teacher Appreciation Week. They attended an assembly and addressed the students and faculty.
- School Resource Deputies Munhollon and Petersen have been working/helping within the Patrol division during their summer break from district duties. They have assisted with serving civil process papers and field training to help our newly appointed civil process Deputy Brandon Nook.
- Sheriff Cole, several deputies, members of the Missouri State Highway Patrol and other local leaders participated in Coffee with Cole in Spokane, Sparta and Ozark. Christian County Citizens are able to share conversations with the Sheriff and this allows an excellent opportunity for open communication among those were serve in the community.
- The Christian County Sheriff's Office Chaplain program donated a new air conditioner unit to a 94-year-old Christian County Citizen that had no working air conditioning. The elderly female was suffering from extreme heat conditions within her residence. A couple of our Deputies even installed the new unit and assisted as they checked back a few days later on her. This type of service truly separates this agency from many others as we follow Our Mission Statement as we: "enhance the public confidence in the Sheriff's Office."
- Completed the Field Training process for three new deputies in the Patrol Division.

- In mid - June, Deputies attended the annual "Parade of Lights" during the National Law Enforcement Week, at Branson. The black and white units are always a crowd favorite to all that attend.
- Reference the open Patrol Lieutenant position: we began an internship process allowing qualified Sergeants to enter the position for a period of 8 weeks and display their skills and abilities to assume the position when filled. To date we have had two Sergeants participate in the internship.
- CCSO Deputies attended several hours of training this quarter, including the following:
 - EVOC training
 - Depression/Bipolar Stigma
 - Understanding Psychosis

Second Quarter Report

Christian County Jail

07-12-2019

Second quarter 2019:

Accomplishments Achieved in the Jail:

- Promoted Megan Tayman and Jason Applegate to Administration Sergeants and Randy Akin to the position of shift Corporal. Most recently Jeffrey Harms was promoted to Corporal on Shift A- nights replacing Ethan Miner. We have placed new hire Katrina Sellers to Administration / Corrections Officer.
- We have adopted a training program outside Christian County. This being conducted by Greene County Sheriff's Office Jail Division. We have currently sent a group of four Officers to this training for the month of June, with an additional 4 in the month of July. Greene County will be conducting this training each month through the end of the year. This will allow for all Officers here in the Jail to attend. This is at no cost to Christian County Sheriff's Office.
- The shifts have been modified for the fluctuation of inmates and most activity on Day shift. With this we have placed one Officer from the A and B nights to a floating position to work on A and B day shifts starting at 10:00 am. With this modification has reduced the evening shift by one Officer.
- We have continued to keep the operating cost down in the Medical Department, this pertaining to funds set aside by our contract with ACH Medical Care. By not tapping into this fund allows for a refund back to the County at the year end. These funds pay for prescriptions, medical supplies and equipment not provided by ACH. This pool of funds starts out with \$15,000.00, as of May 2019 we have only spent \$546.39. With a balance of \$14,437.61, the unused balance returning back to Christian County.
- Homewav will be working here in the next few weeks to transition the new phone and video system.

- Implemented a new out of State Contract for inmate transportation that should save the County money.
- We have continued service with Tiger Foods for Jail Food Service for an additional year with the option to renew again.
- The leaks into the pod previously reported on the east side of the Jail complex seem to be fixed. Next recommendation would be to evaluate the extent of damage from the years of leaks and to try and minimize further deterioration.
- Still experiencing leaks and HVAC issues on the West side of the jail.
- Had issues with the dishwasher in the kitchen. \$8,387.56 was paid out for repairs to Complete Kitchen out of Springfield. The repairs did not fix the issue and was reaching an issue with the charges and ability to fix the dishwasher. We contacted another repair company to evaluate the repair of the dishwasher. Ozark Food Equipment out of Springfield was contacted. They responded and repaired the dishwasher at no cost to the County. They advised not to replace the dishwasher, as it's still in working condition and should be useable for a few more years with proper maintenance.

Daily inmate population April - June:

- Total average inmate daily population – 122

Issues of concern or needs of immediate attention:

- A few weeks ago, I have received a phone complaint from Immigrations in Washington D.C. on an inmate filing a complaint on mold in the facility. Especially the showers area, Inspected the pods and found the complaint was mainly dirt swept into the corner by the inmates. Upon inspecting the pods, I found all showers were in very poor condition, need of painting and concrete repair. I spoke with Richard in Maintenance about painting and checking for mold. I was advised by Richard that he has a company paint the showers once a year and treat them for mold before painting them.

By his recommendations and suggestion, I feel that we need to look into the cost of stainless-steel shower inserts. Richard states the cost of painting these once a year or even less than a year is very costly. This would limit the cost of painting cost.

We are looking to place recorded camera system into the new van upon arrival. This will elevate liability on the Sheriff's Office and Inmate accountability and safety. These cameras may be placed in passenger cars as well, at minimal cost compared to other camera systems. But need to be placed in a vehicle that will be on the road for a sufficient amount of time, due to the cost of install and re-install.

To whom it may concern:

The Christian County Commission voted to renew the bid for graphics for fleet vehicles for the Sheriff's Office with Ozark Printing Company. The renewal is for a one-year period, ending August 13, 2020. We appreciate the service you've provided to Christian County and look forward to our continued relationship.

Thank you,

Eastern Commissioner
