Impact 100 Ozark Grantmaking Program  
Community Foundation of the Ozarks Grant - \$30,000 Grant Application

Dear Grant Committee Members:

I am writing to support the grant proposal entitled, *Court of Appeal: Enhancing the Historic Courthouse Square Park* being submitted by the Historic River District, Inc. This grant request would provide a crucial piece of the broader plan to greatly improve the town center of Ozark, Missouri, increasing its appeal, access, and usage.

Specifically, this grant focuses on the iconic gazebo located on the courthouse square. The gazebo is the focal point of the public park and, through this grant, would be renovated and expanded. The project will improve the utility of the gazebo by adding space, audio-visual equipment, and seating.

As a result, more special events will take place on the square; courthouse employees and clients, as well as the general citizenry will have a social gathering spot; and businesses will benefit from increased traffic in the Historic River District.

It is my understanding that the Impact 100 grants are designed to benefit citizens of eastern Christian County. I can think of few other projects that so perfectly fit this purpose. On behalf of the Christian County Commission, I urge your favorable consideration of the *Court of Appeal* grant.

Thank you.

Sincerely,

Ralph Phillips  
Presiding Commissioner
