Unclaimed Property Section P. O. Box 1004 Jefferson City, MO 65102

Date: March 1, 2021 Attention: Scott Harper Reference: Abandoned Property Belonging to Christian County

Dear Mr. Harper,

The undersigned, Karen Matthews, the Treasurer of Christian County, hereby certifies that, to the best of her knowledge and belief, the Christian County Health Department, Collector, Library, Associate Court, Public Administrator, Christian County Jail, Sheriff, Recorder and Christian County, are the owners of the abandoned property totaling 1,987.71, presently being held in the Abandoned Fund Account of the Missouri State Treasury.

The undersigned further certifies that she is fully authorized to act on behalf of the Christian County Health Department, Collector, Library, Associate Court, Public Administrator, Christian County Jail, Sheriff, Recorder and Christian County in filing a claim with the Unclaimed Property Division of the Missouri State Treasurer's Office for the recovery of the aforementioned property, and has the authority to bind the Christian County Health Department, Collector, Library, Associate Court, Public Administrator, Christian County Jail, Sheriff, Recorder and Christian County to the terms and conditions of this affidavit and agreement.

On behalf of the Christian County Health Department, Collector, Library, Associate Court, Public Administrator, Christian County Jail, Sheriff, Recorder and Christian County, the undersigned agrees that in consideration of the payment of the aforementioned funds to the Christian County Treasurer, and consistent with the provision of Section 447.565.3, RSMo 1994 (as amended), the Christian County Treasurer agrees to be accountable to any subsequent claimant or claimants of the property with a superior right to said funds. The undersigned further agrees that the Christian County Health Department, Collector, Library, Associate Court, Public Administrator, Christian County Jail, Sheriff, Recorder and Christian County, shall indemnify and hold the State Treasurer's Office harmless for any damages or costs incurred by the State Treasurer's Office as a result of the payment of the aforementioned funds to the Christian County Treasurer.

The undersigned acknowledges that by executing this document she may be subject to the penalties for making a false affidavit or declaration.

Matthews, Christian County Treasurer A 7

Auditor's Report

February 2021

SUMMARY:

General Revenue Fund Balance \$7.727 Million – an increase of \$7,000 from January's balance.

Using the rule of thumb that monthly expenditures should be 1/12th of the annual budget each month (currently 16.67%) most departments and funds are currently within 3% of this average. Overall, General Revenues are 23.43% of budget and expenditures are 12.44%. The Commission office has spent 23.72% of budget for 2021. The other offices shown with a variance of more than 3% have already entered blanket purchase orders for set monthly expenditures, creating encumbrances that skew the percentages.

All required reporting for the CARES Act funds have been provided to BKD as required by the State of Missouri. The next report will be submitted this week. The requirements of this reporting have proven to be exceptionally time-consuming, requiring explanations more detailed than most of the applications that have been received. This has improved with the elimination of applications from external entities.

The ClearGov transparency portal is close to launch. I will be finalizing the numbers and layout this week, meeting with the webmaster for the county to determine placement of the links on the county web page and beginning the public notice for launch by March 15.

I have prepared a preview of the transparency page and digital budget book.

PLANNING & DEVELOPMENT DEPARTMENT STAFF REPORT

Request for Zoning Change HEARING DATE: March 1, 2021 CASE NUMBER: 2021-0008 APPLICANT: Oleksandr & Liliya Fomin CURRENT ZONING: A-1 (Agriculture)

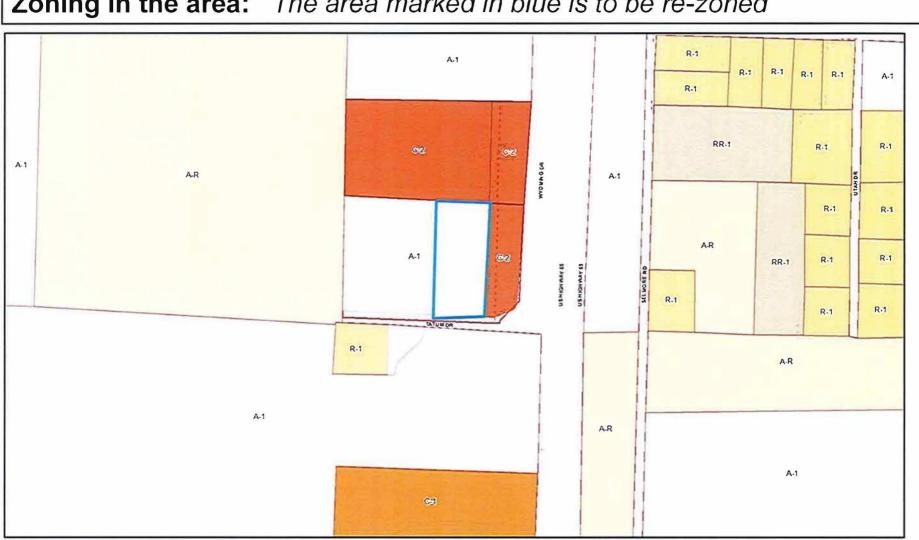

LOCATION: Northwest corner of Wyoming Rd. and Tatum Rd.

Large areas of undeveloped agricultural parcels and US Hwy 65 surround this property with dispersed residential to the east.

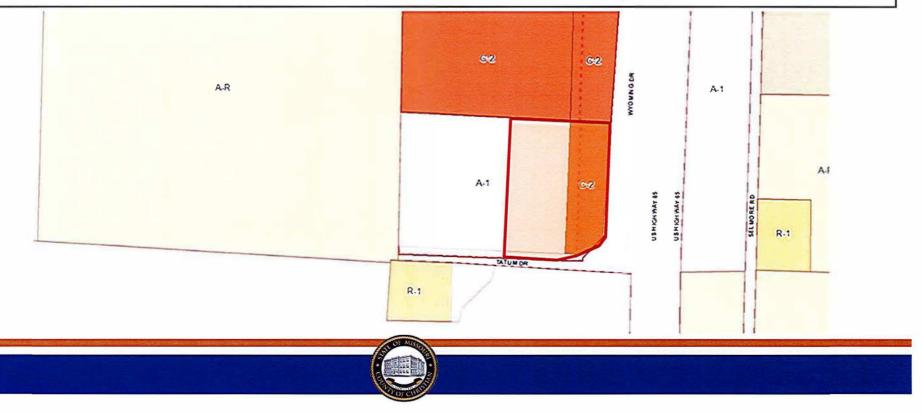

PROJECT DESCRIPTION:

The applicant proposes the change in zoning classification for a portion of their 8.43 acre tract to C-2 which would be combined with their adjoining 1.31 acre tract which is currently zoned C-2 in order that it can be lawfully utilized as a commercial site for a future primary commercial or Conditionally Permitted use, which would be acceptable within the C-2 district.

The intention here is to allow the western most 5 acres to remain A-1 and to combine the remaining 3.43 acres with the existing 1.31 acres as a single C-2 zoned tract.

BACKGROUND AND SITE HISTORY:

The total property involved is a 9.74 +/- acre site which is currently vacant. The 1.31 acres which front along Wyoming Rd. was rezoned to C-2 in case# 2011-0085. This property is directly south of a similar tract which was rezoned to C-2 in case # 2018-0353

PLANNING / LAND USE ANALYSIS:

Land Use Plan:

This property is located at the northwest corner of Wyoming Rd. and Tatum Rd. adjoining the US Highway 65 corridor. Our future land use plan endorses location of commercial and industrial uses near transportation corridors such as this.

PLANNING / LAND USE ANALYSIS cont.:

Compatibility:

The area to be re-zoned as C-2 is located adjacent to large undeveloped areas to the west and south and also adjoins property which is zoned C-2 to the north and also to the east.US Highway 65 is situated directly east of this property.

The size of this parcel would allow for most uses described in Article 43 to be able to meet any required setbacks.

Connectivity:

The property is bordered on the east by Wyoming Rd. which is maintained by the Selmore Special Road District.

Tatum Road would not currently be considered appropriate for commercial access.

In considering this section, please remember that the issue being determined in this case is simply whether or not the subject property is appropriate for C-2 Commercial uses. While we may have some idea about the specifics of the applicant's plans – that information should not cloud the overall, general question of land use.

If the applicant's request for zoning change is approved , any development which occurs would be required to be in compliance with the County's Development Regulations.

PROJECT/SITE ANALYSIS cont.:

Landscaping and Buffering:

The applicant has submitted a development site plan which has allowed staff to evaluate the proposed use(s) and the requirements for distancing and buffering.

The presence of the small R-1 zoned tract near the southwest corner of the subject parcel could potentially limit the placement of certain permitted uses which require specific setbacks from residential districts. In this case, the site plan places the location of the proposed use over 500 feet from the nearest residentially zoned property which far exceeds any requirements within Article 43.

Any specific requirements regarding landscaping, buffering or setbacks called for within the Zoning Regulations for a particular use would be administered and verified by staff prior to granting any certificate of occupancy.

PROJECT/SITE ANALYSIS cont.:

Building Design:

The site is currently vacant. Any future structures will be subject to the codes administered by the Building Inspections Department.

Access:

This parcel has approximately 550 feet of road frontage along Wyoming Rd. in which to locate a commercial entrance. When the site plan is developed, the location and design of a commercial driveway would need to be approved by the Selmore Special Road District.

Staff has had preliminary discussions with the property owner regarding the need for a durable concrete apron for trucks exiting Wyoming road as well as the minimum surfacing requirements for any new developments.

Utility Services:

No utilities currently exist at the site. Any new well would require approval from MoDNR and any septic systems would need to be permitted by the Christian County Health Department.

ENVIRONMENTAL ANALYSIS:

Stormwater Impact:

It is expected that the amount of impervious coverage to be added to the site will exceed 5000 square feet. If that is the case, a stormwater evaluation will be required as part of the site development process to determine if detention is required. Any required stormwater infrastructure would need to be constructed prior to the issuance of building permits.

Groundwater Impact:

None is anticipated. If and when any building permits are applied for, the Christian County Health Department will perform an evaluation to determine appropriate capacity of the wastewater treatment system will be required.

Floodplain/Sinkhole Impacts:

There are no areas of mapped floodplain or mapped sinkholes located on the property.

TRANSPORTATION ANALYSIS:

Traffic Impact:

Depending on the size and scale of any future development plans submitted, with regard to numbers of vehicles potentially visiting the site, a traffic study may or may not be required to determine if a given proposed use would require the developer to make road improvements.

Access Management:

The site will likely be accessed from Wyoming Rd. While no specific plans or requests have been submitted at this time, any commercial access point will need to be located away from the intersection and be approved by the Selmore Special Road District.

The development of the access point will be required to be of such design and quality necessary to protect the integrity of the public right of way.

STAFF COMMENTS:

This change will allow for the development of vacant land in a heavily traveled corridor in a way that is in keeping with the County's desire for future growth and economic development in these areas.

Staff also believes that the required setbacks and open space requirements provided for within the Zoning Regulations will act as a reasonable buffer for current or future residential uses nearby.

RECOMMENDATIONS:

On February 22, 2021 the Planning and Zoning Commission reviewed this application and provided an opportunity for public discussion. After review and discussion regarding the facts of this request, the Planning and Zoning Commission voted unanimously to recommend approval to the County Commission.
