Dear Christian County Commissioners,

The Christian County Soil and Water Conservation District would like to thank you for the support you have generously provided to the Soil and Water District for many years. Our District takes pride in being able to support the landowners of Christian County with valuable soil and water conservation practices. With your assistance, we are able to provide additional technical support, training, advice and assistance as well as equipment for landowner's to use. Good stewardship and conservation practices are very important to maintaining soil and water resources in our county and your contribution helps make all of this possible.

This year we are requesting \$10,000. This funding will be spent in the areas of:

- Newsletters
- Equipment and Maintenance
- Field Days and Staff Expenses
- Technical equipment (Primarily the purchase of a new six foot no-till drill)
- Advertising

Thank you for your continued support,
