Christian County Soil & Water Conservation District

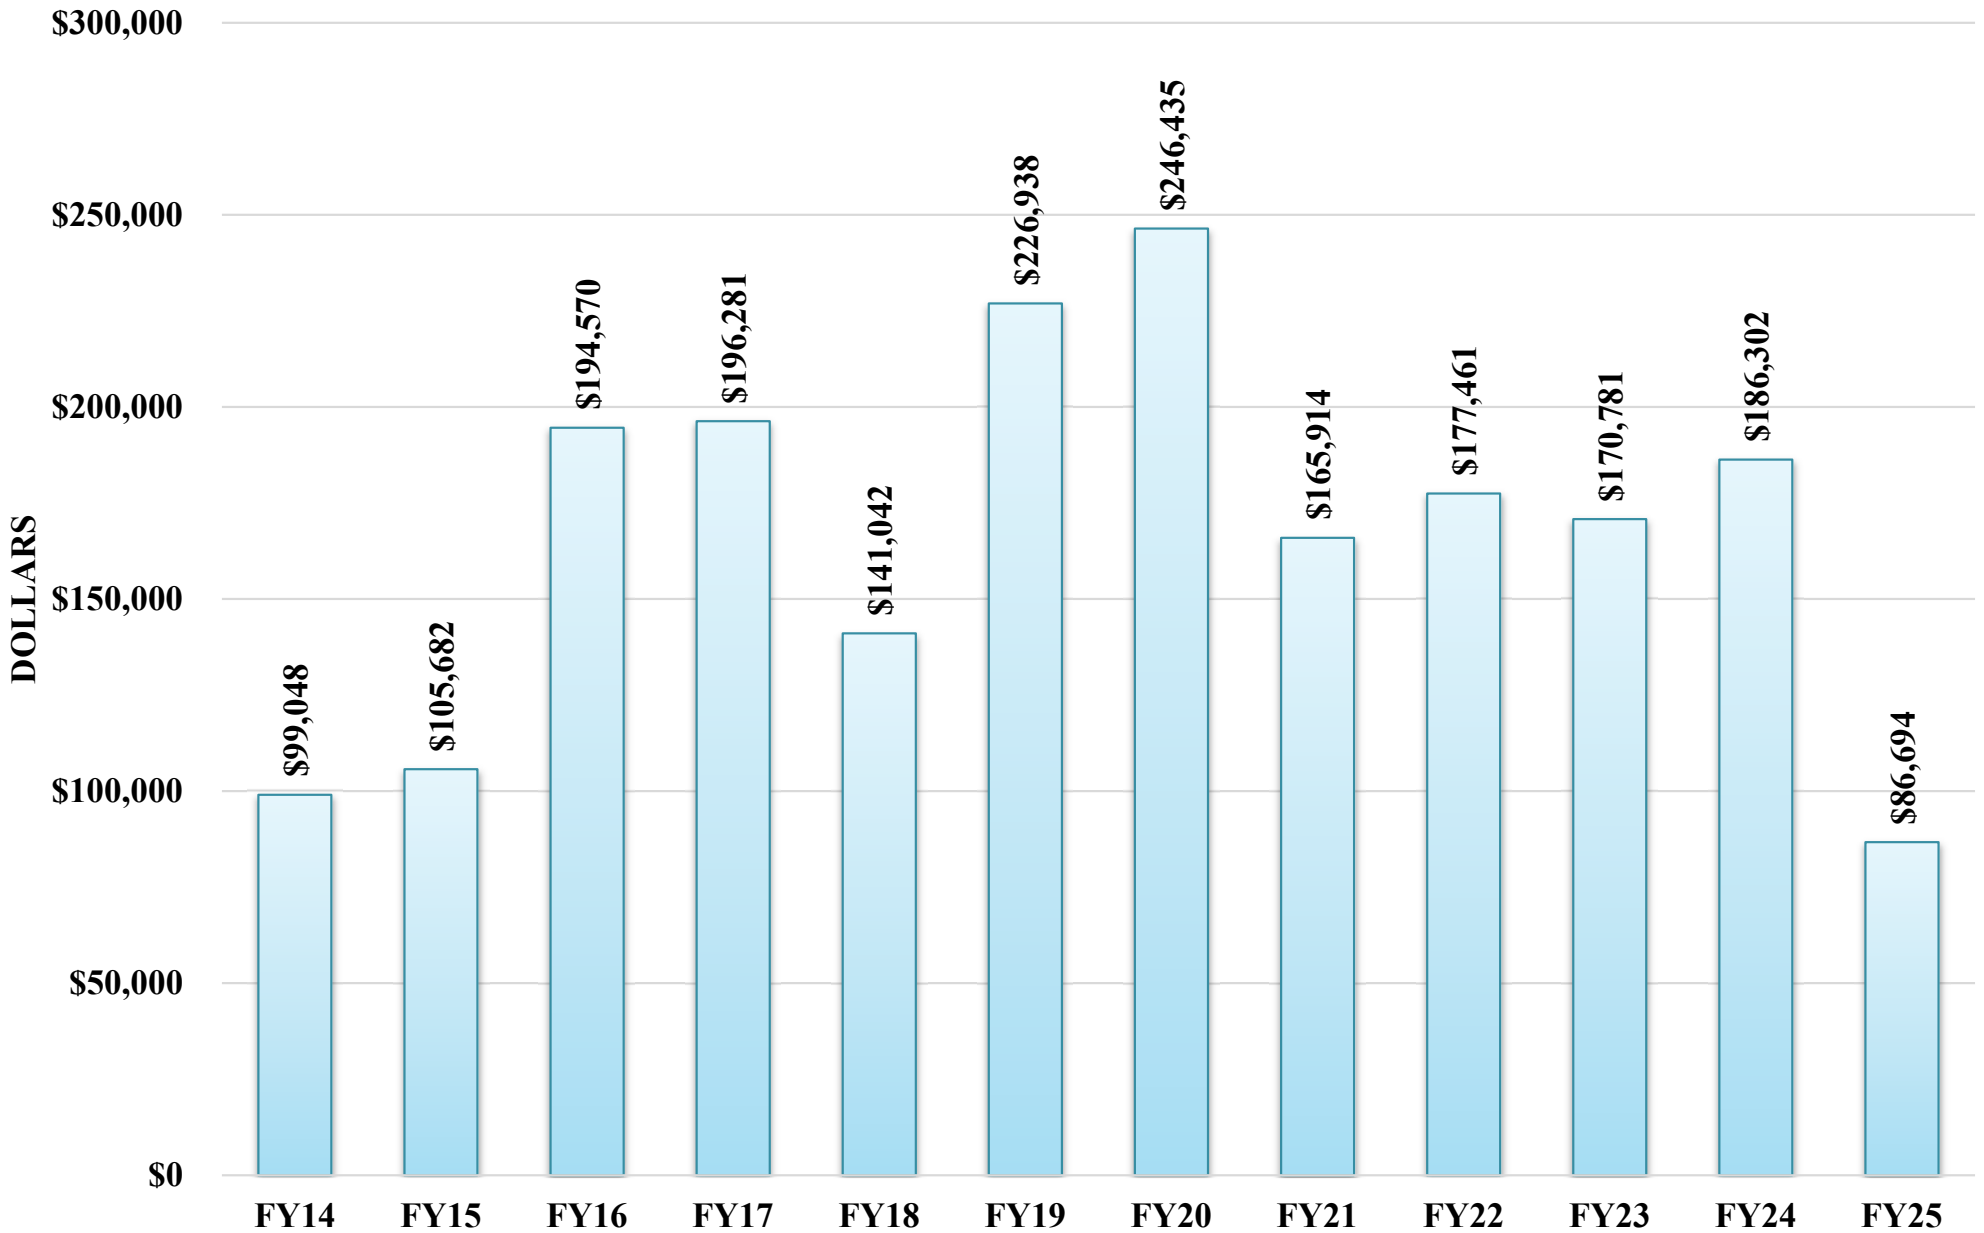

The district is a non-profit organization and is supported by a 1/10 of one percent Missouri sales tax that is divided equally between the state park system and soil and water districts. The support from Department of Natural Resources is used for cost-share assistance and office operating expenses. It cannot be used for the district's rental equipment program (which is the primary source of local funds income). Cost-share assistance is provided to qualifying landowners who participate in our water quality and soil erosion prevention practices.

Christian County Soil and Water Conservation District Funding Request

August 27, 2025

Christian County Commission

100 W. Church Street, Suite 100

Ozark, MO 65721

Dear Christian County Commissioners,

The Christian County Soil and Water Conservation District would like to thank you for the support you have generously provided to the Soil and Water District for many years. Our District takes pride in being able to support the landowners of Christian County with valuable soil and water conservation practices. With your assistance, we are able to provide additional technical support, training, advice and assistance as well as equipment for landowner's to use. Good stewardship and conservation practices are very important to maintaining soil and water resources in our county and your contribution helps make all of this possible.

This year we are again requesting \$10,000. This funding will be spent in the areas of:

- Newsletters
- Equipment and Maintenance
- Field Days and Staff Expenses
- Technical equipment
- Advertising

Thank you for your continued support,

Chance Phillips
District Specialist
