Request to update Christian County Ordinance 96-06-28-1

The current ordinance pertains to the "closure" of river access at Linden Lure, of Canyon Road from the hours of 10:00PM (22:00 hours) to 8:00AM (0800 hours). This section will remain.

In an effort to address several situations that have continually occurred from 1996 and more recently in the "re-opening" of the access for the public, this ordinance needs to be revised.

The immediate concern is the parking issue that occurs from visitors parking on both sides of the paved portion of Canyon Road. This parking issue causes immediate problems for the residents on Canyon Road. They are blocked either in or out of their perspective driveways to their residences. Although there are currently "No Parking" signs posted sporadically in this area they are disregarded by river goers.

A secondary issue is the congestion caused by the disrespectful attendees who randomly park their vehicles keeps emergency services from being able to drive down to the unimproved portion of Canyon Road for emergencies, calls for service, and/or routine patrol. (We all know a presence of law enforcement will have a positive effect in keeping public order).

Updating the ordinance by adding a no parking on any portion of the paved section of Canyon and posting of signage saying **Vehicles will be towed at the owner's expense** would not only potentially reduce these issues but give the Christian County Sheriff's Office

CHRISTIAN COUNTY COMMISSION
