MEMORANDUM

August 04, 2025

TO: 35-022-0000 Christian County
RE: Setting of 2025 Property Tax Rates

The following are the tax rate computational forms that have been reviewed. Please follow the steps below to complete the process of setting your 2025 Property Tax Rate(s).

1. **Lines G - BB on the Summary Page should be completed** to show the actual tax rate(s) to levy.
2. Please **sign and date the Summary Page**.
3. Please **submit the finalized tax rate forms ready for certification to the County Clerk of each county** that your political subdivision resides in. The County Clerk must also sign the Summary Page and indicate the proposed tax rate to be entered on the tax books before submitting rate(s) to the State Auditor's Office for final review and certification.

If the attached calculation differs from the questionnaire submitted for review, please review the following line items for the reason(s) for the difference.

- **Form A, Line 2b - New Construction & Improvements - Personal Property**

Section 137.073.4, RSMo, states that the aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property.

- **Form A, Line 5 - Prior Year Assessed Valuation**

If the 2025 questionnaire has a different amount on Form A, Line 5 than was previously submitted, we had to revise the 2024 calculation for this change. The revised 2024 tax rate ceiling is listed on the 2025 Summary Page, Line A. Your primary County Clerk should forward a copy of the revised 2024 calculation; please keep this form for your files.

- **(SCHOOL DISTRICTS ONLY) Form A, Line 14**

We revised the information the school district submitted on Line 14 to the amount computed by the Department of Elementary and Secondary Education (DESE).

If you have any questions about the enclosed forms, please contact the local government section at (573-751-4213.)

The information to complete the Summary Page is available from prior year forms, computed on the attached forms, or computed on this page. Information on this page takes into consideration any voluntary reduction(s) taken in previous even numbered year(s). If in an even numbered year, the political subdivision wishes to no longer use the lowered tax rate ceiling to calculate its tax rate, it can hold a public hearing and pass a resolution, a policy statement, or an ordinance justifying its action prior to setting and certifying its tax rate. The information in the Informational Data, at the end of these forms, provides the rate that would be allowed had there been no previous voluntary reduction(s) taken in an even numbered year(s).
