To Whom It May Concern:

In reference to the bids for tax statements printing, processing, and mailing of the statements, the Christian County Collector selects Ozark Mailing Service.

The reason for this selection is based on even though it is not the lowest bid but when the programming by Ulrich Software is calculated into the cost (\$6,000) if switched to a different vendor. When adding Ulrich Software cost and the other bids, it does make Ozark Mailing Service, the lowest and best bid. The is mainly due to the SB190 calculations along with the other calculations for the tax statements. In addition Ozark Mailing picks up office preinserted merchant license statements and additional personal property statements that are printed after books are closed. These two items are mailed at a discounted price.

Thank You,

A handwritten signature in black ink that reads "Ted Nichols". The signature is written in a cursive, flowing style with a large initial "T".
