

Collector's Third Quarter Report

It has been a busy summer in the Collector office. The SB190 application process was finished in June. There were over a total of 6500 applications approved by the Commission. This has resulted in over \$1,000,000.00 in tax credit for the 2025 tax year. We are working on a new application for the renewal for the tax year of 2026. Any new applicants will still have the forms notarized. An insert will be in the tax statement stating the dates of starting to accept new and renewal of the SB190 applications and the cut off date of accepting them.

Another insert will be in the statement mail out informing of the dates that the Collector's Office will be set in the following City Halls for one day ONLY as follows:

November 10 – Billings

November 12 – Clever

November 13 - Sparta

November 14 – Highlandville

The Collector's office would like to request the use of the Commission car during these four days.

Statements will be mailed for delivery on November 1.

The 2024 amount is \$1,073,842.41. The Collection percentage is 96.5%.
One thing that helped was the City of Springfield ticketing people with paper plates to bring in revenue for us.

Real Estate Tax Sale only had four parcels to be auctioned, and all tax liens were sold. Three had excess funds totaling over \$100,000.00. These were all first-year offerings.

Real Estate Property as of September Unpaid all years total \$1,385,167.40.
The 2024 amount is \$1,072,340.83. Collection Percentage is 99%.

Respectfully,

Ted Nichols
