Rachel,

As Mayor pro-tem it has been it a great asset for the community to have Sho-Me Christian County help in some of the projects that Billings wouldn't of been able to make possible without help and guidance of your organization. You have helped in aiding a new Senior Center that is going to open first part of next January. The vast amount of resources that Show me Christian County has brought to our small community is greatly appreciated. In fact I was approached about a community project that is going to be proposed to City Council in January and I was going to see if there's any Grant money or other assets that can assist.

Sho-Me Christian County has been a great asset to the City of Billings for my and previous administrations. I look forward to working with you in the future and Thank you for everything your organization has done for our community.
