Annual Contract for Engineering Services - Part 2

Miranda Beadles

Christian County advertised a Request for Qualifications (RFQ) to provide the County with Engineering Services as our existing contracts were set to expire. The County received 10 packets, composed a selection committee and ranked the firms. Consideration was given to the expertise of each firm and how those groups could assist the County in the future. Six total firms were asked to submit contracts for review. Four were approved during the July 30 meeting. The remaining two are being presented today.
