Opioid Work Session

Brenda Porterfield

The Commission would like to schedule one more Opioid Work Session before the year end, to review possible programs to begin after the first of the year, and possibly decide a schedule on how much we might spend each month going forward on these potential programs. Offices and Departments are asked to bring their final proposals with costs associated with each program requested.

This work session is set to begin at 8:00 am in the Commission Chambers, right before the 9:00 am Commission meeting.
