Purchase of PavMaster 414 from City of Branson

Miranda Beadles

Christian County would like to purchase a 2022 Gilcrest PavMaster 414 from the City of Branson. They purchased the product new from vendor and have only recorded 12 hours on the equipment. It has a 25 hp engine, 3-ton capacity hopper and the ability to pave 8-14 ft wide and process a 3 in. crown. It's a tow behind paver and would free up a motorgrader from blade patching so that they can continue to focus on our base rock roadways.
